Hilman Wondra	8837 18th Ave	11/18/14	X		
Melvin Wilson	8812 18th Ave	11/21/14	X		
Cynthia Adams	8806 18th Ave	11/24/14	X		I believe that the proposed parking restriction would greatly improve my neighborhood. The current parking rules have caused numerous problems. Everyday there is anywhere from 2-6 cars that park in front of my house. It has made it difficult when mowing grass and when plows come all the snow ends up at the bottom of my driveway. I am constantly picking up trash thrown in my yard. People work on their cars in front of my house. Sometimes people are sitting in their cars for an extended amount of time. Very uncomfortable making me keep curtains & blinds closed a lot of the time. I have had people sitting on the curb in my front yard etc.
Dale & Marilyn Hoff	8830 18th Ave	12/3/14		X	We are very much opposed to changing signs. We have a single car garage & 2 cars therefore little space to park. We have frequent family gatherings with family & friends park in front of our house. Our little grandchildren run from the car to our house, it's a safety factor. We feel cars are safer & more secure in front of our house. Guests do not want to leave cars parked across the street.
Thomas Goddard	8843 18th Ave #2	12/3/14		X	At first I thought it was a good idea but there are residents on the east side. Entry and exit would be less safe during winter. Cars would be parking on the east side would be trapped by the plow berm. Please consider this before implementing a decision that I consider is a mistake.
Robert Starr (owner)	8807 18th Ave	12/5/14		X	School bus drops off kids so they don't have to cross street which is important.
Lois Pribble	8818 18th Ave	12/5/14		X	This change would be very detrimental to us and after 50 years in this location we should not have to bear the inconvenience.
